

J. ENNIS FABRICS

## *Contract-Rated Novelty Vinyls*

**Aythana** is a 100% PVC high-quality vinyl with a natural snakeskin look. The intricate, precise embossing and the high-contrast, multi-coloured print imitates a python.

**Sofelto** features a delicate skin texture adapted from an African antelope's fur. Its subtle shimmer creates a sophisticated iridescent effect to allow for new design possibilities.

**Socodilo Flash** rounds out this novelty vinyl collection. This pattern mimics the detailed structure of crocodile skin. With its high-gloss finish, the fabric exudes an air of elegance and extravagance.
