# the Accents

*How do you give your home a personal touch and make it a reflection of your passions and personality?*

Get started by selecting a unique and original accent as an artistic expression of who you are. With hundreds of accent tables, chests, consoles and credenzas to select from at Hooker Furniture, you're sure to find one that delights you.

Start conversations with a mirrored chest. Turn heads with a pierced console. Delight the eye with the carved leg of an accent table, or the fretwork of an étagère.

Discover the treasures of your home with personality-filled pieces punctuated by mixed materials, hand painting, sophisticated finishes and delightful details.

Is whimsical your style? There's a piece for you. If your flavor is classic with a twist, you can find that too. Other style finds on your treasure hunt? Too many to count, but the list includes dramatic, romantic, elegant, farmhouse, cottage, coastal, urban and multicultural.

Enjoy browsing these pages to choose a piece that says, "That's me." Place front and center of your hallway, living room or foyer and top with things you love. Now that's instant style.

A new accent piece may be the breath of fresh air needed to give your room--- and your spirits -- a lift, helping you enjoy your home more than ever.

For additional product information & details please visit our website at [hookerfurniture.com](http://hookerfurniture.com)

Many of our furniture items are constructed of hardwood solids and veneers over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
